SUBJECT: MARYLAND STATE AND LOCAL INCOME TAX TABLES

Maryland law provides that the Comptroller prepare a percentage income tax withholding method that indicates the percent of State income tax to be withheld from wages. The percentage used is relative to median local tax rates of Maryland's 23 counties and Baltimore City.

Withholding is a combination of the State income tax, which has rates graduated per taxable income, (see chart below) and local taxes. This combined tax appears under the heading of STATE TAX on all payroll documents, including the Employee's Earnings Statement (pay stub) that is attached to all payroll checks and deposit advices.

Taxpayers Filing Joint, Surviving Spouse or Head of Household Returns		All Other Individual Taxpayers	
Taxable Income	Tax Rate	Taxable Income	Tax Rate
\$1 - \$1,000	2.00 percent	\$1 - \$1,000	2.00 percent
\$1,001 - \$2,000	3.00 percent	\$1,001 - \$2,000	3.00 percent

\$225,001 - \$300,000	5.50 percent	\$150,001 - \$250,000	5.50 percent
In excess of \$300,000	5.75 percent	In excess of \$250,000	5.75 percent

Beginning with calendar year 2008, the State of Maryland added a selection to filing status for tax withholding. You can choose Single, Head of Household (married or unmarried), or Married status but withhold at the Single rate on the W4/MW507 withholding form. The tax rate is the same for all categories until you reach \$100,000 in yearly income for a single filer. Employees expecting to make more than \$100,000 in 2014 and who can file as Married or Head of Household should ensure a proper W4-MW507 form is in place for Maryland taxes.

The county of residence, which determines the rate of the local withholding portion is the county submitted on the Employee Withholding Allowance Certificate, IRS Form W-4/Comptroller Form MW 507. The two position alphabetic code in the box "County Code" on the Employee's Earnings Statement (pay stub) is the county recorded in the individual's pay record. Employees that do not submit a withholding certificate are defaulted to the highest rate of local tax, which for the year 2014 will be 3.20%.

For most employees who are not residents of Maryland the Nonresident rate (6%) is used, which includes no local tax; but does include the Special 1.25% Nonresident rate.

Employees need to be advised that eligibility for the federal and Maryland Earned Income Tax Credit may be applicable if both their federal adjusted gross income and their earned income is less than the following:

Updated figures:

- \$46,227 (\$51,567 for married filing jointly) if they have three or more qualifying children
- \$43,038 (\$48,378 for married filing jointly) if they have two qualifying children
- \$37,870 (\$43,210 for married filing jointly) if they have one qualifying child
- \$14,340 (\$19,680 for married filing jointly) if they do not have a qualifying child

Employees who meet this income eligibility should be advised to go to the Internal Revenue Service website at www.irs.gov, or contact their tax advisor, to see if they meet the other federal criteria.

Employees who meet all of the federal requirements may be eligible for a Maryland credit up to one-half of the federal EITC, but not greater than the state income tax. Additionally, certain employees may also qualify for a refundable Maryland credit, or a local EITC.

All employees should be notified of these eligibility standards. **It is mandatory that employees with wages less than or equal to the amounts shown above be informed.** A notification flyer is included which should be distributed to employees and also posted with other personnel regulation information within your agency.

For further Maryland EITC information, visit our website at www.marylandtaxes.com, or call 1-800-MD-TAXES (1-800-638-2937), or 410-260-7980 from Central Maryland.

Two attachments accompany this memorandum, the first is the local tax rate used by the Central Payroll Bureau to compute the local portion of the combined state tax. The second attachment provides a translation of the alpha code that appears in the County code box that is printed on the pay stub.
